The Honorable Tommy G. Thompson
Governor, State of Wisconsin
State Capitol
Madison, WI 53702

Dear Governor Thompson:

I am pleased to submit to you the 120th Annual Report of the Commissioner of Insurance covering business for the year 1988.

Major events of the year are listed in the section entitled Highlights of 1988. They include:

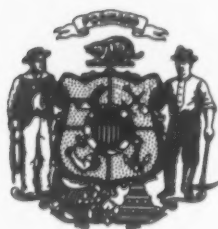

- Revising Medicare supplement insurance regulations in response to the Medicare Catastrophic Act of 1988;
- Establishing an Office in Milwaukee to serve residents in that part of the State;
- Implementing a toll-free "Insurance Complaint Hotline" to give people information on how to file an insurance complaint;
- Assisting the Department of Health and Social Services in setting up a pilot program for the uninsured in Outagamie County; and
- Conducting a property evaluation of all participants in the Local Government Property Fund.

I hope that the information in this report is useful to you and to the people of Wisconsin.

Sincerely yours,

Robert D. Haase
Commissioner of Insurance

I - ADMINISTRATION OF THE OFFICE

ORGANIZATION AND STAFFING OF THE
OFFICE OF THE COMMISSIONER OF INSURANCE

5/89

ORGANIZATIONAL STRUCTURE

In addition to the commissioner's staff, the Office is divided into two major divisions: the Division of Regulation and Enforcement and the Division of Administrative Services and Policy Analysis. A brief description follows:

I. Commissioner's Staff

The commissioner's staff includes the deputy commissioner who serves as the head of the agency in the commissioner's absence, the hearing examiner, the secretaries to the commissioner and the deputy commissioner, and the Legal Unit.

II. Division of Regulation and Enforcement

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; determining compliance with applicable laws and rules; initiating appropriate administrative actions; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; disseminating information to the public; investigating agent activities; and conducting field reviews of insurer marketing practices.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

III. Division of Administrative Services and Policy Analysis

Office of Policy Analysis. This office is comprised of staff who provide the commissioner and other agency personnel with technical expertise and analysis of policy issues, legislative analysis, and planning. This office also directs the public information program of the agency.

Bureau of Staff Services. This bureau is responsible for all general administrative functions of the agency including the administration of the insurance intermediaries testing and licensing program, centralized word processing, data processing, budget, personnel and clerical support services.

Bureau of Funds. This bureau consists of the three segregated funds for which this agency has administrative responsibility: the Local Government Property Insurance Fund, the State Life Insurance Fund and the Patients Compensation Fund.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding \$10,000 per person.

The Patients Compensation Fund provides medical malpractice protection to health care providers for claims in excess of \$400,000 per claim or \$1,000,000 annually.

The Health Insurance Risk-Sharing Plan (HIRSP) is also housed in the Division of Administrative Services.

HIGHLIGHTS OF 1988

- Revising Medicare supplement insurance regulations in response to the Medicare Catastrophic Act of 1988;
- Establishing an Office in Milwaukee to serve residents in that part of the State;
- Implementing a toll-free "Insurance Complaint Hotline" to give people information on how to file an insurance complaint;
- Assisting the Department of Health and Social Services in setting up a pilot program for the uninsured in Outagamie County; and
- Conducting a property evaluation of all participants in the Local Government Property Fund.

GOALS FOR 1989

- Installing a new computer system for improving complaint tracking, agent licensing, and financial oversight;
- Holding a Midwest Conference on Access to Health Care and publishing the proceedings of the conference;
- Assisting the Department of Health and Social Services in conducting health insurance pilot projects;
- Improving public access to the Commissioner's Office through an increased use of published materials, outreach, and media contacts;
- Improving the professionalism of insurance agents by requiring preclicensing education and expanding enforcement of agent violations;
- Increasing the number of financial examinations of insurers;
- Expanding efforts to respond to the insurance needs of special consumer groups; and
- Surveying insurance complainants as to the treatment they received when served by the staff of the Office of the Commissioner of Insurance.

RECENT INITIATIVES TO MONITOR AND REVIEW INSURANCE RATES

by Gregory C. Krohm

Administrator, Regulation and Enforcement Division

Under different forms and motivated by varying circumstances, individual consumer complaints about their insurance rates are a common occurrence to the Office of the Commissioner of Insurance. More often than not, these questions and complaints stem from a misunderstanding of how rates are set and regulated, and the options of a consumer in a competitive insurance market. At times they arise from the peculiarities of competition as it reveals itself in the insurance industry.

Wisconsin law (Chapter 625, Wis. Stat.) has long set the goals and regulatory framework for insurance rate setting. During the past year the Office of the Commissioner of Insurance has newly initiated or refined existing procedures for the collection, analysis, and reporting of information on property and casualty (P&C) insurance rates. The purpose of this article is to describe these new activities and to explain their role in the regulation of insurance.

Rates vs. Premiums

The best place to begin this topic is to clarify the difference between rates and premium. Often, the latter is used in everyday conversation to signify the price of an insurance policy, and in a sense it is. However, the true price of insurance is the rate. Rates are the cost per unit exposed to loss. The units of loss exposure can be measured in terms of such things as:

- \$100 of property insured, as with fire insurance
- each automobile, as with private passenger automobile insurance
- square footage, as in owners, landlords, and tenants insurance

Premium is the total amount collected by the insurer for all exposure units covered, i.e., the price per unit times the number of units insured.

Due to differences in exposure and rating plans, one cannot compare premiums collected in one period with those of another and validly conclude whether the cost of insurance had gone up or down. Nor can one tell whether premiums charged were excessive or inadequate. For example, aggregate premium collected by the Property and Casualty industry increased steadily during the period 1978 through 1984, yet the most aggressive period of rate slashing since World War II raged during this time, a rate war which resulted in bankrupting scores of companies.

Rate Regulation

The laws and methods of regulating insurance rates are as rich and varied as any aspect of our federal system of government. The historical evolution of rate regulation is helpful to understanding the current system. Up until 1945, federal courts had consistently ruled that the regulation of insurance rate setting was a state affair. The landmark *South Eastern Underwriters* case in 1944 held that insurance was interstate commerce and therefore subject to federal anti-trust law. To preserve the system of state regulation of insurance rates, Congress passed the McCarran-Ferguson Act in 1945 which exempted the busi-

ness of insurance from Federal anti-trust laws only to the extent that states elected to regulate rates and business activity. The "All-Industry" model rating acts adopted by the National Association of Insurance Commissioners (NAIC) in 1946 called for the development of rates by industry rating bureaus and advisory rate organizations and prior approval of most rates by state regulatory bodies.

The model acts authorized the formation and use of statistical agents to collect industry-wide data on loss experience so as to maintain a more statistically credible database on which the industry, and especially smaller insurers, could establish rates.

Much has been made recently about the role of rate service organizations, principally Insurance Services Office (ISO), in setting industry rates. Critics charge that ISO rate filings foster anti-competitive pricing of insurance. In fact, very few insurers writing significant amounts of business in Wisconsin follow ISO rates. The largest writers of many coverages make completely independent filings of rates using their own loss experience. Even where ISO rates are used as a starting point, it is standard practice for companies to deviate from the ISO rate indications by some constant percentage. In Wisconsin, ISO filings do not appear to be systematically adhered to by its member companies either in hard or soft phases of the insurance underwriting cycle.

The regulation of rates varies substantially across states. Texas stands at one extreme, with insurance rates set by the insurance department, with all licensed insurers required to use state-made rates. Only slightly less rigid rating is found in North Carolina, which requires all insurers selling certain lines of insurance to follow rates set by the North Carolina Rate Bureau. Other states choose to allow rate setting without review, so long as the rate changes fall within certain "bands of reasonableness." While prior approval of rates was once the dominant form of regulatory review, gradually states began to pull away from the use of prior approval and allow for competitive rate making. Lead by California, which never subscribed to the "All-Industry" model act, and most recently by Illinois which in 1971 repealed all regulation of rates, roughly half of all states turned to open competition to establish most rates. Yet even within the so-called open competition states, specific lines of insurance may have their rates closely regulated, e.g., worker's compensation or Medicare supplement insurance.

Several studies have shown that there is no significant difference in the rates between competitive and prior approval states. In fact, a comparison done by OCI of automobile premiums in 1987 shows that average automobile premiums per auto are somewhat higher in states with prior approval.

The Competitive Standard

Since 1909 when Kansas passed the first law permitting regulatory review of rates, state laws have used the guidelines that rates should not be "excessive, inadequate or unfairly discriminatory." This trinity guided the Wisconsin commission's approval of rates until 1969. While the above standards did not change, the method for achieving them was switched from regulatory prior approval to open competition in rate setting without any prior approval. The framers of Wisconsin's rate laws made it clear that the standards of guarding against rates that were excessive, inadequate, or unfairly discriminatory were just as valid as ever. However, current law establishes a degree of presumption that competitive pressures will self-regulate insurance rates and will be particularly powerful in guarding against excessive rate levels.

The Wisconsin Statutes (s. 625.11) state that rates are presumed to not be excessive if a reasonable degree of price competition exists. Among the competitive benchmarks cited

are: 1) the number of insurers actively marketing in each class of insurance, 2) the existence of rate differentials by class of insurance, 3) the reasonableness of profitability in the long run. This faith in competition rests on the fact that the level of competition had grown substantially over the preceding thirty years. Indeed by virtually all the customary measures, the insurance industry in general, and the property/casualty industry in particular, receives a clean bill of healthy competition. Witness that:

- Concentration ratios (market shares of the top four or top eight firms) are relatively low for all classifications of insurance coverage, e.g. the top eight firms account for only 47% and 31% of the homeowners and commercial multiperil markets in Wisconsin, respectively.
- Entry into any market segment is relative easy: each year dozens of new companies apply for admission to write insurance in Wisconsin, and existing companies invade each others territories and coverages at will.
- Economies of scale do not appear to be substantial and, therefore, no special cost advantage is enjoyed by the largest firms in the industry.
- Other competitors outside the regulated insurance industry have captured shares of the market, particularly for commercial insurance, when the regulated industry was slow to meet the demands of consumers, e.g., risk retention groups, captive insurers, surplus lines insurers, and banks have made successful forays into market niches formerly dominated by regulated insurers.

Ideal vs. Actual Performance

A variety of reports have been used to monitor the level of competition and rate patterns by line of insurance. The National Association of Insurance Commissioners, A. M. Best, the National Association of Independent Insurers, the Insurance Services Office, and the Insurance Information Institute all publish periodic reports which allow OCI to monitor rate patterns in Wisconsin.

The most recent addition to this array of reports is the so-called "Fast Track Monitoring System" developed by the NAIC and several statistical agents. The fast track system provides regulators with the earliest information ever provided on state and countrywide losses and premiums for sensitive lines of insurance.

The legislature recognized that the insurance industry was no different than the rest of the American economy in the capacity for the free enterprise system to fall short of the ideal performance expected. Thus, in codifying the most recent revision to the Wisconsin insurance laws the legislature gave the Commissioner authority to monitor the extent to which actual rates were reaching the competitive ideal.

During the past two years, this authority was used to develop two rate monitoring systems:

- Rate documentation procedures, as required under s. Ins 6.06, Wis. Adm. Code.
- Commercial Rate Deviation Reporting, by order of the Commissioner.

The Commissioner has established by administrative rule a more rigorous and uniform system of documenting rates put into use and filed with this office. The rule does two things:

- 1) Prescribes an exact format for filing summary information about rate filings.

2) Requires experience for Wisconsin and countrywide data to accompany the filing.

The results of this data collection activity are that for the first time the Commissioner has a systematic database on rate filings. From this database, analysis of rate filing trends by line can be made. Insurers are required to supply experience along with their filings. The experience data enables this Office to determine whether or not the rate action is based on credible experience.

Commercial Rate Deviations

As stated at the outset of this article, rates and premiums are quite distinct concepts. While OCI has developed a rate database to monitor changes in rates by company and line of insurance, this data has little value in gauging the premiums actually being charged to commercial insureds. For any given insured exposure, substantial variations in premiums charged may occur. These deviations are done on many bases and for a variety of reasons.

First, underwriting rules for many larger commercial insureds call for a schedule of credits (rate reducing) or charges (rate increasing) factors that can be applied at the judgment of the underwriter to a base rate for a particular type of insured. During "hard" markets, less charges and more debits are awarded than during "soft" markets. At present, the P&C industry is in a period of aggressive competition for commercial accounts and, as a consequence, is apparently using ever larger downward deviations from filed rates. In past underwriting cycles, the forces of competition have lead P&C insurers to discount commercial rates to the point that they were inadequate to cover eventual loss costs. This underpricing lead to the insolvency of many insurers.

In order to better monitor the actual pricing of commercial insurance and to detect dangerously inadequate pricing before insurers are driven to insolvency, OCI has, by order of the Commissioner, instituted a special reporting system on commercial rate deviations. The top 20 writers of commercial multi-peril, general liability, and commercial automobile insurance are preparing reports on a quarterly basis which record departures from filed rates due to:

- deviations from advisory rates filed by statistical agents,
- individual risk modification factors, and
- package discounts.

This information will allow the Commissioner to detect and address inadequate market pricing and identify insurers for follow-up scrutiny.

The other body of new statistical reports collected and analyzed by OCI are the direct result of market disruptions caused during the last "hard" market (1984 through early late 1986). The severity of availability problems and the precipitous—and in the eyes of some capricious—way rates were raised caused the public to want a more strict accounting of what was driving up premiums. Be it from a runaway tort system, increasingly risky technology, or medical inflation, the public demanded assurances that legitimate losses and expenses were behind the higher rates they were asked to pay. In particular they wanted to know the extent to which Wisconsin losses entered into rates, as opposed to loss experience in other states. To respond to these needs for information three new statutorily dictated statistical systems are maintained by OCI:

- Commercial Liability Data Collection, required by s. 601.422, Wis. Stat.

- Products Liability Data Collection, required by s. 601.425, Wis. Stat.
- Medical Malpractice Data Collection, required by s. 601.427, Wis. Stat.

In enacting the above legislation, the legislature hoped to isolate the profitability of each of the above lines or lack thereof and monitor factors contributing to rate fluctuation and availability of coverage such as the legal environment in Wisconsin and the return on company investments.

General Commercial Liability

The Commercial Liability Data System captures premium, loss, and claims information on all major commercial liability coverages:

- Owners, Landlords, and Tenants
- Manufacturers and Contractors
- Products Liability
- Professional Liability

In addition, specific classes of liability insurance were also singled out for reporting:

- Lawyers
- Day Care
- Recreational Businesses
- Municipal
- Public School
- Liquor

The above specific classes were selected because of their lack of availability during the tight market conditions of 1985-86.

By cooperation among insurers and their statistical agents, most of the data is supplied to OCI directly by four statistical or rate service organizations:

- Insurance Services Office
- National Association of Independent Insurers
- American Association of Insurance Services
- National Independent Statistical Service

These statistical agents have carefully edited the data for accuracy and for consistency with other information submitted to OCI.

Information on closed claims, suits filed, and total policy counts could not be supplied by statistical agents and is being produced directly by the insurers.

Insurers and their statistical agents are reporting an unprecedented level of information on specific types of insurance. The reports will show the net underwriting gain or loss from each coverage and class in Wisconsin according to the year in which the policy was written. Investment income and expense data will also be allocated to each category of

insurance. This would allow for an estimate of the profitability of each type of insurance in Wisconsin. Profitability by product line, especially at the state level, is fraught of statistical credibility and equitable allocation of overhead expenses and pooled investment income problems. Thus, imputed profits by category of insurance are much less accurate than underwriting gains or losses by category.

Products Liability

The Wisconsin Legislature in 1985 required all insurers to report product liability insurance information to OCI. At that time products liability insurance had become a major concern of small and large manufacturers throughout the state. The purpose of this reporting was to establish whether or not Wisconsin's tort system was unreasonably escalating the cost of products liability insurance. Products liability is particularly ill suited to a state level underwriting analysis. A manufacturer's exposures for products liability arise from the states the firm markets in, not the state in which they produce the product. Thus, virtually all companies establish their rates using country-wide loss experience.

Notwithstanding those legal and actuarial drawbacks to interpreting state level data, the first two years of experience (summarized in a later section of this document) show that the products liability experience of Wisconsin insureds is quite favorable relative to countrywide experience.

Due to the difficulty many insurers have in supplying the "policy year" data specified in this law, the reports filed during the first year omit experience from a large segment of the products liability insurers. Fortunately, the aforementioned Commercial Liability System is able to overcome these gaps by collecting the same information from statistical agents.

Medical Malpractice

Medical malpractice insurance was a second major coverage that seemed to be "out of control" and causing disruption to a major segment of the state economy. As a companion to the products liability reporting system, the Legislature also enacted a similar system for medical malpractice insurance. This system also collects loss and premium data for this specific line of insurance.

Conclusion

In conclusion, the above statistical and rate monitoring reports add to an already comprehensive set of reports on rates and their underlying justification. These reports extend previous information in two areas:

- 1) Establish the first systematic database in Wisconsin rate changes by line of insurance and deviations from filed rates.
- 2) Provide detailed Wisconsin-based underlying rates charged for commercial insurance, with an emphasis on classes of insurance that have experienced recent affordability or availability problems.

The information is checked and is consistent with other financial information audited by OCI.

With these new reports, OCI will be able to respond to frequent legislative and public inquiries about rate trends and justifications by line of insurance. The Office can monitor the true price charged for commercial lines of insurance. Most importantly, this information, when taken along with other financial reports filed by insurers, will help OCI to better target individual companies for rate and financial examinations.

II - EXECUTIVE ACTIONS

LEGISLATION

The following is a list of legislation enacted during 1988 that affects individual insurance statutes:

- 600.03 (19) - Recreates a definition for "extraordinary dividend." (1987 WI Act 167)

- 628.32 (1) and (2) - Requires an insurance agent to disclose to a customer the amount of any fee the agent will charge for the agent's advice concerning obtaining insurance coverage and gives the Commissioner rule making authority. (1987 WI Act 247)
- 631.01 (1) - Subjects group certificates to regulation and review by OCI. (1987 WI Act 247)
- 631.15 (2), (3), (3m), and (4) - Clarifies that an insurance policy that does not conform to a law or rule shall be enforced as if it complied. (1987 WI Act 247)

- 631.20 (1) - Requires insurance companies that file forms with OCI to certify that the forms comply with the insurance code and rules. (1987 WI Act 247)
- 631.20 (6) - Prohibits the Commissioner from imposing penalties against an insurer for using a form that does not comply with a statute or rule if the statute or rule was in effect when the form was approved but does allow the Commissioner to impose penalties if the rule or statute changes and the insurer fails to amend the form. (1987 WI Act 247)
- 631.83 (1) (c) - Clarifies the applicability of the statutes in order to bring an action on a life insurance policy in which absence is used to establish the death of an insured. (1987 WI Act 247)
- 632.49 - Deletes cross references to death presumed from absence. (1987 WI Act 247)
- 632.66 - Permits insurers to offer period certain annuities and OCI to regulate them. (1987 WI Act 247)
- 632.74 (1) and (2) - Permits an insurer to reject reinstatement of an individual or franchise disability policy within 45 days after receiving a delinquent payment notice or to attach riders limiting the coverage of a reinstated policy but only if the limitation is prominently disclosed to the policyholder. (1987 WI Act 247)
- 632.84 - Requires insurers offering Medicare supplement, Medicare replacement, or nursing home insurance policies to establish an internal review and appeal procedure available to policyholders or their representatives and to communicate the procedure to the insured at the time of claim denial. (1987 WI Act 156)
- 632.84 (3) (title),
632.89 (2g), 632.895
(2) (b) 2, and (6) - Makes technical corrections to the statutes that mandate health coverage by means of the Revisor's Bill. (1987 WI Act 403)
- 632.89 - Makes technical amendments to the statutes that mandate coverage for the treatment of nervous and mental disorders, alcoholism, and other drug abuse. (1987 WI Act 195)
- 632.895 (4) - Makes technical corrections to the statute that mandates coverage for the treatment of kidney disease. (1987 WI Act 195)
- 632.895 (6) - Clarifies that insulin is a supply and subject to coverage under the diabetes mandate. (1987 WI Act 195)
- 632.895 (6) - Extends the sunset for the diabetes mandate from 1988 to 1992. (1987 WI Act 327)
- 632.897 (6) - Allows insurers to calculate the beginning of the 18 months for continuation of health insurance as commencing on the day family or medical leave commenced if the employee terminates employment at any time during a family or medical leave. (1987 WI Act 287)

- 632.897 (10) - Prohibits insurers from setting a premium for any child that is different from the premium charged for other children solely because the child does not reside with the parent or from basing coverage on the percentage of support provided by the parent. (1987 WI Act 413)
- 632.93 (2) - Exempts certain variable benefits from the binding provisions of fraternal on members & beneficiaries. (1987 WI Act 361)
- 645.47 (2) - Requires claimants to file with the liquidator rather than the court. (1987 WI Act 325)
- 645.59 - Relieves agents and brokers from being responsible to the liquidator for any domestic or foreign insurer for any uncollected, unearned premium. (1987 WI Act 325)
- 646.01 (1) (a) 2. h and (b) 8 - Clarifies that risk retention groups and risk purchasing groups are not included in the Wisconsin Insurance Security Fund. (1987 WI Act 247)
- 646.01 (1) (a) 2. e, j, (b) 3, 5, 11 to 13, 646.12 (2) (b), 646.13 (1) (b), (2) (c) and (d), 646.15, 646.31 (1) (intro.), (d), (2) (a), (e), (4), (6) (c), (9m), (II), (12), and 646.325 - Makes numerous changes to the Wisconsin Insurance Security Fund including the types of insurance covered under the Fund, proceedings involving nondomestic insurers, subrogation, and recovery of payments. (1987 WI Act 325)
- 655.001 (8) and Subch. V - Makes minor technical changes to the medical malpractice insurance statutes through the Revisor's Correction Bill. (1987 WI Act 403)
- 655.001 (8) - Adds "ambulatory surgery center" to the definition of health care provider for the purpose of medical malpractice insurance coverage. (1987 WI Act 182)
- 655.27 (3) (br) 3 - Changes the method for determining fees for the Patients Compensation Fund to 200% of claims disbursed during the previous calendar year. (1987 WI Act 399)
- 655.27 (4) (f) - Requires the Board of Governors for the Patients Compensation Fund to submit a functional and progress report to the chief clerk of each house of the legislature for appropriate distribution. (1987 WI Act 186)
- 655.27 (5) (b) and (c) - Clarifies that the primary medical malpractice insurer or the health care provider who posts bond is required to provide a defense on behalf of the Patients Compensation Fund when a malpractice action is brought both against the primary insurer or health care provider and the Fund. (1987 WI Act 247)

655.68 (4) (c)

- Requires the Director of State Courts to submit a report on the status of the mediation system to the chief clerk of each house of the legislature for appropriate distribution. (1987 WI Act 186)

ADMINISTRATIVE RULES

Changes made in 1988 in the Wisconsin Administrative Code applicable to insurance are described below.

Ins 2.20 Unisex nonforfeiture values in certain life insurance policies.

The Commissioner amended this rule to allow life insurers, when calculating cash surrender and paid-up nonforfeiture benefits, to continue using "blended" mortality tables adopted by the National Association of Insurance Commissioners (NAIC). These are mortality tables that do not distinguish between male and female mortality. The original rule only allowed insurers to use these tables for policies delivered or issued for delivery before January 1, 1989.

The Commissioner further amended this rule to allow life insurers to use blended mortality tables adopted by the NAIC that distinguish between smokers and nonsmokers. Effective 12/1/88.

Ins 2.35 Smoker and nonsmoker mortality tables.

The creation of this rule allows life insurers to use mortality tables adopted by the NAIC that reflect differences in mortality between smokers and nonsmokers. These mortality tables will be used to determine statutorily required minimum reserve liabilities and minimum nonforfeiture benefits for plans of insurance that already charge different premium rates between smokers and nonsmokers. Effective 12/1/88.

Ins 3.12 Filing of insurance forms.

The Commissioner repealed this rule on disability insurance form filings. These form filings are now subject to s. Ins 6.05, Wis. Adm. Code (see discussion below). Effective 1/1/88.

Ins 3.25 Credit life and credit accident & sickness insurance.

This rule repealed and recreated the credit life and credit accident & sickness insurance rule. As recreated, the rule is more enforceable, is in conformance with the Wisconsin Consumer Act, and corrects problems associated with the prior rule that became evident in a 1981 lawsuit brought by the credit insurance industry.

Substantive changes made to the rule are as follows:

1. The rule specifies that the Commissioner shall redetermine prima facie rates every three years according to a prescribed formula and from a data base contained in the rule.
2. The rule deletes all distinctions by type of lender.
3. The rule changes the rate deviation procedures to provide greater statistical validity. The system has been simplified so that it applies to all Wisconsin business of an insurer rather than on an account-by-account basis.
4. The rule includes a specific affordability provision.
5. The rule specifies that its rates are maximum rates; insurers may charge below these rates. If the rates charged do not exceed the prima facie rate, it is presumed to be reasonable.
6. The minimum standards for active life reserves have been modernized and made consistent with the standard valuation law.

7. The rule now specifically addresses open-ended credit transactions.

Effective 1/1/88.

Ins 6.05 Filing of insurance forms.

This rule revises the procedures for filing disability and property and casualty insurance policy forms. The rule modifies these procedures to simplify computer data entry and record keeping. The procedures are identical for all insurers which ensures that all insurers are treated similarly.

The rule details the content of each forms submission. The content includes a policy form transmittal, a certificate of compliance, a certificate of readability, a filing letter containing a description of any changes to a form previously approved by the Commissioner, and a copy of each form as it will be offered for issuance or delivery in Wisconsin.

The rule requires property and casualty insurers to file with the Commissioner on an annual basis a listing of all approved forms.

The rule requires insurers to maintain a file of all approved forms until all exposure on the risks insured against has terminated. Effective 1/1/88.

Ins 6.06 Minimum documentation to be filed to support rate filing.

This rule establishes the minimum supplementary rate information which must accompany an insurance rate filing. The rule does not apply to life, disability, title, mortgage guaranty, worker's compensation, or municipal bond insurance or to town mutuals. The Commissioner may accept applications for full or partial exemption from the rule's requirements from other insurers.

The minimum documentation which insurers must file with their rates includes three years' experience relating to earned premiums, paid losses, reserves for reported and unpaid losses, and reserves for losses incurred but not reported; an explanation of the insurer's rate-making procedures and descriptions of any actuarial and statistical methods utilized; an explanation of the permissible or target loss ratios; and premium and loss adjustment factors by year.

Each rate filing must be accompanied by a certificate of compliance stating that the filing meets the rule's requirements. Effective 4/1/88.

Ins 6.06 Certificate of compliance for filing rates.

This rule changes the wording of the certificate of compliance that insurers file with the Commissioner along with their rate filings. Insurers expressed concern that the certificate as previously worded may be confused with a form filing certificate of compliance. The Commissioner changed the wording in the certificate to refer expressly to rate filings. The Commissioner deleted references in the certificate to forms. Effective 12/1/88.

Ins 6.08 Disclosure requirements for and prohibited practices of claimant representatives.

This rule requires claimant representatives (also known as public adjusters) to disclose to consumers, prior to performing any services for the consumer and before the consumer assumes any obligation to pay for services performed by the claimant representative, the method, manner, and accounting of compensation that the claimant representative will receive for services performed. The claimant representative must give the consumer a copy of any contract or agreement entered into between the two parties.

The rule prohibits a claimant representative from (a) requiring a consumer to have repairs made at a specific repair facility, (b) accepting compensation from a repair facility

in exchange for business referrals, (c) operating both as a claimant representative and a contractor for repairs for a repair facility, and (d) participating in the claim payments to the repair facility or contractor. Effective 11/1/88.

Ins 6.51 Excess or stop-loss insurance requirements for county and school district's self-insured employee health care benefits.

The Commissioner amended this rule to exempt excess of stop-loss insurance purchased by a county or school district that self-insures employee health care benefits from two provisions (extension of coverage and liability of prior and succeeding insurers) in the group life and disability coverage termination and replacement rule. See s. Ins 8.11, Wis. Adm. Code, below. Effective 5/1/88.

Ins 6.61 Records of intermediaries.

The Commissioner repealed and recreated the agent's record keeping rule to strengthen consumer protection by facilitating the Commissioner's ability to collect information from insurance agents concerning their business practices.

The rule requires agents to maintain specified documents for up to three years. These records include cash receipts and disbursements records, commission statements, policyholder records, business checking account records, and personnel records.

The rule requires insurers to inform their agents of the rule's requirements and to assist their agents in maintaining the required records. The rule allows the insurer to maintain required records on behalf of their agents.

The rule specifies the location where agents must maintain records, when agents must update records, and the length of time records must be maintained. The rule requires agents to notify the Commissioner when they change the location at which records are maintained. The rule also requires agents to notify the Commissioner of any felony conviction or any formal disciplinary action taken by another state's insurance regulatory agency. Effective 1/1/88.

Ins 6.61 Records of intermediaries.

This rule amends s. Ins 6.61, Wis. Adm. Code, to require agents to report to the Commissioner any misdemeanor conviction against the agent, other than a misdemeanor conviction related to the use of a motor vehicle or the violation of a fish and game regulation. Effective 9/1/88.

Ins 8.11 Excess or stop-loss insurance requirements for county and school district's self-insured employee health care benefits.

This rule prescribes detailed requirements for excess or stop-loss insurance for self-insured employee health care benefit plans provided by counties or school districts. The rule establishes the minimum level of excess or stop-loss insurance that the self-insured county or school district must purchase for its plan. The rule also requires an actuary to file specified information with the Commissioner on a periodic basis. This information includes the number of employees eligible to participate in the plan, the number of employees covered by the plan, a description of the plan's coverages, and a statement that the plan meets the excess or stop-loss insurance requirements established by the rule. Effective 5/1/88.

Ins 9.01 Filing of insurance forms.

The Commissioner repealed this rule on nonprofit service plan form review. These form filings are now subject to s. Ins 6.05, Wis. Adm. Code (see discussion above). Effective 1/1/88.

Ins 11.01 and 11.02 Membership and reporting requirements for the Wisconsin Insurance Security Fund.

This rule updates Chapter Ins 11, Wis. Adm. Code, governing the insurance security fund board. The previous rule contained outdated statutory references and procedural requirements.

The rule updated several statutory references throughout the previous rule. It also deleted several procedural requirements. These requirements governed board meetings (quorums, frequency, agenda items), committees, duties of the administrator, and records of meetings. These details should be developed by the board rather than dictated by administrative rule. Effective 10/1/88.

Ins 17.03, 17.07, 17.08, 17.25, 17.28 and 17.285 Establishing a procedure for imposing a surcharge on high-risk health care providers.

This rule establishes the procedures that will be used by the Patients Compensation Fund (Fund) Peer Review Council (Council) for reviewing the claims records of physicians, nurse anesthetists, and other health care providers participating in the Fund and the Wisconsin Health Care Liability Insurance Plan (Plan).

The Council will review the records of providers with multiple claims and indemnity payments in excess of the amounts specified in the rule and will make a recommendation to the Board of Governors of the Fund and the Plan as to whether a surcharge should be imposed on the provider's annual Fund fee or Plan premium, or both. If the Board imposes a surcharge, it may range from 10% to 200%. A health care provider is entitled to an administrative hearing before a surcharge takes effect. Effective 3/1/88.

Ins 17.25 and 17.275 Disclosure of confidential claims information by the Patients Compensation Fund and Wisconsin Health Care Liability Insurance Plan.

This rule revises an existing definition of "confidential claims information" in the custody of the Fund and the Plan. It specifies that all information relating to claims, including the monthly claims paid reports provided to the Fund by private medical malpractice carriers, is confidential. The previous rule stated that this information was confidential only if it revealed the identity of a health care provider.

The rule permits disclosure of confidential claims information to the Medical Examining Board, the Peer Review Council, to auditors, and for purposes of discovery in civil actions. Effective 4/1/88.

Ins 17.28 Patients Compensation Fund Fees for health care providers.

The rule was amended to establish the fees imposed for health care providers covered by the Fund for fiscal year 1988-89. Effective 7/1/88.

ADVISORY BOARDS AND COUNCILS

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner of Insurance to create advisory councils and committees to assist in dealing with regulatory problems. The Commissioner is to provide by rule for the creation, governance, duties and termination of any council or committee which is established. The expert advice provided the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which the Office of the Commissioner of Insurance is involved follows:

Insurance Security Fund Board

This board administers the insurance security fund established by Chapter 646, Wis. Stat., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The Commissioner of Insurance, along with the Attorney General and the State Treasurer, are members of this board and serve with eight representatives of insurers subject to Chapter 646, Wis. Stat., appointed by the Commissioner upon consideration of the recommendation of insurance organizations.

Wisconsin Retirement Board

The Wisconsin retirement board is created in the Department of Employee Trust Funds by s. 15.165 (3) (b), Wis. Stat. It is a nine-member board. Seven members represent employers or employees who participate in the Wisconsin retirement system; one is a public member and one is the Commissioner of Insurance or an experienced actuary in the Office of the Commissioner of Insurance. The board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments and approves or rejects administrative rules that relate to participants in the retirement system other than teachers.

Group Insurance Board

Section 15.165 (2), Wis. Stat., created a group insurance board in the Department of Employee Trust Funds. The Commissioner of Insurance or designee is a member of the board. The group insurance board is authorized to enter into contracts with insurers to provide the group insurance plans provided for by this chapter or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, life insurance and deferred compensation plans authorized for state and other public employees under Chapter 40. The specific powers of the board are enumerated under s. 40.03 (6), Wis. Stat.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Wis. Stat., functions under the state board of vocational, technical and adult education, and furnishes advice and guidance to the board in the establishment and maintenance of training programs in fire prevention and protection. The council comprises representatives from the Division of Emergency Government (Bureau of Civil Defense and Disaster Control), the Department of Industry, Labor and Human Relations, and the Office of the Commissioner of Insurance, together with six members of fire departments appointed by the Governor for staggered six-year terms.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Wis. Stat. The committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the Governor, the Commissioner of Insurance or a designated experienced actuary in the Office and the Secretary of the Department of Employee Trust Funds.

This committee evaluates all legislative proposals which would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the Legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved; the effect of the proposal upon the actuarial soundness of existing retirement systems; and the desirability of the proposal as a matter of public policy.

Retirement Research Committee

This committee performs duties mandated under s. 13.51, Wis. Stat. Its membership represents employee and employer groups having vested interests in various state retirement programs. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the Governor and the Legislature.

Property and Casualty Advisory Council

This council, created by s. Ins 6.79, Wis. Adm. Code, advises the Commissioner on regulatory matters in the areas of property and casualty insurance. The council has four insurance company members, two agent members and three public members. The members who served during 1988 are listed below:

COMPANIES IN LIQUIDATION

ALL-STAR INSURANCE CORPORATION, IN LIQUIDATION

All-Star Insurance Corporation was placed in liquidation on March 1, 1977, by the Circuit Court of Milwaukee County, Wisconsin.

In August 1988 the Circuit Court of Milwaukee County ordered the distribution of approximately \$8,725,000 in assets to Class 3 claimants. This along with previous dividends amounted to approximately a 99% payment of allowable Class 3 claims.

Roughly \$75,000 was retained in the estate for administrative expenses, escheatable funds to the State, and contingencies. No further distributions are contemplated. All residual funds will be escheated to the State Treasury.

The liquidator is expected to petition the court for discharge in 1989.

FIRST TRANSCONTINENTAL LIFE INSURANCE CORPORATION, IN LIQUIDATION

First Transcontinental Life (FTL) was declared insolvent and ordered into liquidation by the Dane County Circuit Court as of October 16, 1988. The company wrote about \$40 million in group health insurance, with a small amount of group life premium. Business was actively written in 27 states.

Claim payments for the Wisconsin Fund and its reciprocal states began on November 14, 1988. Guarantee funds that do not have reciprocal agreement with Wisconsin have agreed to use the Wisconsin Fund's agent, American Medical Security, for the administration of loss claims. Approximately \$11.2 million in claims from insureds nationwide have been adjudicated for payment as of April 30, 1989.

United Wisconsin Life Insurance, a subsidiary of Blue Cross & Blue Shield United of Wisconsin, has bulk reinsured approximately 97% of the group business as of November 1, 1988.

Virtually all assets are liquidated; the current cash balances of the estate now exceed \$12.1 million. The liquidator anticipates paying a substantial dividend to class three claimants in early July 1989.

FRANKLIN MUTUAL INSURANCE COMPANY, IN LIQUIDATION

Franklin Mutual Insurance Company was placed in liquidation on January 16, 1986, by the Circuit Court for Dane County, Wisconsin.

By agreement with the Office of the Commissioner of Insurance, Heritage Mutual Insurance Company is performing the administrative functions for the liquidation.

Administrative expenses of \$29,286.48 for 1988 have been paid and approved by the court. Class 3 loss claims of \$126,852.00 for 1988 were paid and approved by the court.

As of December 31, 1988, there are approximately 9 loss claims remaining to be settled and 12 subrogation claims remaining to be processed for payment. All Class 4 (unearned premium) and Class 5 (general creditor) claims have been paid.

While the ultimate assets available for distribution to the various classes of claimants under s. 645.68, Stats., is dependent on the extent of loss claims under Class 3 and the reinsurance recoverable thereon, filed financial data shows there will be sufficient assets to pay claims in Classes 1, 2, 3, 4, and 5 in full.

MARTELL MUTUAL TOWN INSURANCE COMPANY, IN LIQUIDATION

Martell Mutual was placed in liquidation on August 21, 1980, in the Circuit Court for St. Croix County, Wisconsin. Gary L. Bakke was appointed Special Deputy Commissioner to liquidate the company.

Martell Mutual policyholders suffered windstorm losses of approximately \$5,100,000 on July 15, 1980. Inadequate reinsurance and a preexisting weak financial position resulted in an inability to pay the claims. Martell Mutual policies were assessable. Two assessments were levied totaling \$2,925,973. Collections now exceed 95%.

Assets were collected and a major lawsuit settled, which permitted a refund to policyholders of all unearned premiums and 81% of the second assessment on June 30, 1983.

All claims and expenses of the administration incurred to date have been paid in full.

In an effort to collect on delinquent policyholder assessments, in May 1988 the liquidator obtained a Court Order for delinquent policyholders to appear for Supplementary Proceedings. Notices to Appear were sent to 85 of the 125 policyholders who remain delinquent. No current address is available on the remaining 40 policyholders. Additionally, letters were sent to all agents who have not repaid unearned commissions. Many policyholders failed to appear as ordered. A total of \$40,832.43 was collected from policyholders and agents in 1988. The amount remaining owing to the liquidator for unpaid assessments, penalties, and interest as of December 31, 1988, is \$114,698.11. It must be remembered that, by statute, the initial assessments bore interest at 2% per week for the first 50 weeks, and therefore the actual unpaid assessments are much less than indicated. Also, \$5,164.20 remains owing by agents for unearned commissions.

Approximately \$46,000 of outstanding checks from the unearned premium and assessments refunded on June 30, 1983, remain uncashed. These checks were either not cashed by the policyholder or were returned by the post office as nondeliverable. The liquidator will attempt to notify such policyholders and reissue checks as necessary in order to dispose of all funds payable to policyholders from the refunds issued in 1983. Any funds remaining after such attempt may escheat to the State, pursuant to Chapter 117, Wis. Stat.

Approximately \$127,000 is held in interest-bearing accounts to be distributed to policyholders as a partial refund of assessments. Such refunds can be made once collection action is complete or otherwise deemed closed. The liquidation will be closed in 1989.

MILWAUKEE COMMUNITY HEALTH PLAN, INC. d/b/a HEALTHREACH, IN LIQUIDATION

Milwaukee Community Health Plan was placed into liquidation on September 30, 1987. A final distribution of its assets was made November 18, 1989.

Providers not under contract with HealthReach received a direct settlement of \$125,000 from the reinsurer under the insolvency provision of the reinsurance agreement. Virtually all of the 11,180 enrollees of this HMO were protected by either hold-harmless

agreements in the provider contracts or federal prohibitions against collections on Title IXX enrollees. The assets of the company were distributed as follows:

\$2,317.05 to Class 3 claimants (policyholders);

\$577,424.00 to Class 5 claimants (medical providers and general creditors).

The Class 3 distribution represented 100% of allowable claims; the Class 5 distribution was about 35% of allowable claims. No further distributions are contemplated.

About \$2,175 in assets remain in the estate as of March 1989. These funds will be escheated to the State Treasurer upon final discharge by the liquidation court, which is expected to occur in 1989.

RELIABLE LIFE AND CASUALTY COMPANY, IN LIQUIDATION

The Reliable Liquidation Account, which contains substantially all of the assets and liabilities of Reliable Life and Casualty Company (Reliable), was created and ordered into liquidation by the Dane County Circuit Court (the Liquidation Court), effective October 7, 1981. The Wisconsin Insurance Security Fund (the Fund) had been administering about 14,811 guaranteed renewable health and disability policies pursuant to the "continuation of coverage" provisions of Ch. 646, Stats. Mutual of Omaha administered the continued business for the Fund.

In August of 1987, Reliable Life and Casualty Company was released from rehabilitation proceedings by the Liquidation Court. The company changed its name to North American Insurance Company (North American). The company was recapitalized by North American Group Limited, at approximately \$4,000,000.00.

On August 14, 1987, the Fund and Liquidator entered into a contract with North American to assume the remaining business which consisted of approximately 10,000 policies after nonrenewals. Formal assumption certificates were mailed to all policyholders. On December 18, 1987, North American assumed all of the administrative functions on this business formerly being performed by Mutual of Omaha.

The Liquidator's lawsuit against Reliable's certified public accountants and actuaries, which was scheduled to begin in early 1989, has been indefinitely postponed.

The Liquidation Account had an asset balance of \$2,697,834.40 on December 31, 1988. Virtually all of the remaining assets have been converted to cash or its equivalent. At present, liquid assets are insufficient to pay a dividend to any creditor lower than Class 3. Reports on the status of the liquidation are periodically filed with the Liquidation Court.

WISCONSIN MORTGAGE INSURANCE CORPORATION, IN LIQUIDATION WMBIC INDEMNITY CORPORATION, IN LIQUIDATION WMAC CREDIT INSURANCE CORPORATION, IN REHABILITATION

At the request of Wisconsin Mortgage Assurance Corporation (WMAC) and its subsidiary, WMAC Credit Insurance Corporation (Credit), the Office of the Commissioner of Insurance (OCI) petitioned the Dane County Circuit Court for orders placing WMAC in liquidation and Credit in rehabilitation. The orders were entered on February 28, 1985, and

former Wisconsin Supreme Court Chief Justice Bruce F. Beilfuss was appointed Deputy Liquidator. WMAC's existing liabilities were assumed by a group of international reinsurers—which secured their obligations by trust funds—and Mortgage Guaranty Insurance Corporation (MGIC) entered into an agreement with the Liquidator to manage those liabilities. The liabilities of Credit are also being managed by MGIC in the rehabilitation proceeding. WMBIC Indemnity Corporation (WMBIC), an affiliate of WMAC, also requested that OCI petition the court for an order of liquidation, which was entered June 28, 1985. Justice Beilfuss was again appointed Deputy Liquidator. WMBIC's liabilities were also reinsured, and MGIC entered into an agreement to manage those that remained. In October 1985, Continental Casualty Company (CNA) assumed management of WMBIC's directors and officers (D&O) liability insurance claims.

Matthew C. Mandt was appointed Special Deputy to the Liquidator of WMAC and WMBIC, and Special Deputy to the Rehabilitator of Credit, in August 1986 to succeed the late Justice Beilfuss.

At year-end 1988, WMAC had \$79,168,082 in assets and \$5,249,698 in capital and surplus (not including intercompany accounts). The insurance in force that was assumed by the international reinsurers totaled approximately \$35.4 billion in primary insurance and \$10.6 billion in pool insurance at December 31, 1988. In 1988, WMAC wrote \$108,363,368 in gross renewal premiums and paid losses of \$469,560,169 on the reinsured mortgage insurance business.

The Liquidator anticipates that the reinsured business will be run-off in the liquidation for the foreseeable future. Although the international reinsurers have met their obligations on the WMAC business in force on the date of the liquidation, a group of pre-liquidation reinsurers has disclaimed liability for certain mortgage insurance assumed from WMAC in 1983 and 1984. In addition, another pre-liquidation reinsurer, TMIC Insurance Company, Inc. (TMIC), was placed into liquidation in California in 1988. As a result of the TMIC liquidation, WMAC established loss and loss adjustment expense reserves at December 31, 1988, in the amount of \$701,000 and substantial total losses are anticipated. The Liquidator has filed a claim in the TMIC liquidation.

There are no significant claims against the WMAC liquidation estate that are unrelated to WMAC's mortgage insurance business.

At September 30, 1988, WMBIC had \$73,141,655 in assets and \$59,678,140 in capital and surplus. In the first three quarters of 1988, WMBIC incurred net losses and loss adjustment expenses in the amount of \$4,083,643.

The bulk of WMBIC's remaining insurance liabilities involve D&O claims. In 1988, the Liquidator resolved 76 D&O claims, leaving 218 such claims open in the liquidation at December 31, 1988. CNA is obligated to assume liability for D&O claims, at the Liquidator's request, in return for a payment in an amount to be agreed upon or submitted for arbitration. The Liquidator continues to explore alternatives for resolving the liability represented by these and other claims.

A small number of insurance claims in lines other than D&O were open in the WMBIC liquidation at year-end 1988, but were not expected to have a significant effect on the liquidation. There were 15 noninsurance claims open in the WMBIC liquidation on December 31, 1988. Most significant was a contingent claim filed by CNA with respect to a D&O policy issued to Community Savings & Loan Association of Maryland. The Liquidator has recommended that this claim be denied and CNA has filed objections to that recommendation.

No guaranty fund has paid any losses on behalf of WMAC or WMBIC, and the Liquidator anticipates that no such payments will be necessary. Reports are filed monthly with the liquidation court.

III - DIVISION OF REGULATION AND ENFORCEMENT

DIVISION OF REGULATION AND ENFORCEMENT

The Administrator of the Division on Regulation and Enforcement, along with the Consumer Attorney, is responsible for directing most enforcement actions against agents and companies, and for pursuing these cases through the appeals and settlement process. The Administrator is also responsible for general program and policy development in the Division.

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; conducting field reviews of insurer marketing practices; investigating agent and insurer activities; preparing enforcement proceedings; and recommending administrative actions to correct violations discovered.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; reviews financial statements for all admitted insurers; administers insurer rehabilitations and liquidations; reviews insurer applications for admission to Wisconsin, merger and acquisition plans, and holding company transactions; audits and collects insurer taxes and fees; and collects fees for the fire department dues program.

BUREAU OF FINANCIAL EXAMINATIONS

The principal function of the Bureau of Financial Examinations is to monitor the financial condition of all insurers licensed to market insurance in Wisconsin and determine whether an insurer's financial solidity is acceptable for continued operation in Wisconsin. Monitoring includes the examination of the accounts and records of companies, and the analysis of statements submitted to the department. Monitoring activities further include the review of CPA audit reports and updates to the company profile data base.

The bureau also maintains and reviews holding company filings required by s. Ins 12.01, Wis. Adm. Code; reviews financial reports for surplus lines insurers; collects quarterly and year-end premium taxes; and collects fire department dues as required by s. 601.93, Wis. Stat. In addition, the bureau handles applications for Certificates of Authority and also approves mergers of insurance companies.

Among the major accomplishments in 1988 were:

- Established and worked with the special industry task force on Continuing Care Retirement Communities (CCRC), to study and make recommendations for appropriate financial standards and licensing procedures.
- Applied automated audit procedures and utilized special audit software in the examination of several large insurance groups. These automated audit procedures served to augment the established manual audit procedures.
- Participated in departmental study group charged with selection of new computer equipment and operating system; and the development and expansion of the insurance company data base, utilizing annual statement data captured through various electronic media.

- Developed and utilized computerized procedures for calculation of annual billings for examination of domestic insurers. These billings are pursuant to s. Ins 16.01, Wis. Adm. Code.
- Revised town mutual annual statement instructions in conjunction with changes in annual statement blank.
- Conducted 64 field examinations in 1988 and 57 examinations in 1987. Using 1986 as a base year, the number of field examinations increased by 50% for 1988 and 36% for 1987.
- Participated in the development of proposed legislation and administrative rules relating to: (1) increased financial standards for health maintenance organizations; (2) administration and collection of taxes; (3) domestication of nondomestic insurers to Wisconsin; (4) standards for self-insured medical malpractice plans; and (5) warranty plans.

BUREAU OF MARKET REGULATION

The Bureau of Market Regulation is responsible for the administration and enforcement of the Wisconsin Statutes relating to insurance policy forms, policyholder service, marketing and advertising practices, underwriting rules, and claims practices. Responsibilities also include reviewing complaints, investigating violations of the Wisconsin insurance statutes, and conducting market conduct examinations of insurance companies and agents. Market conduct examinations focus on the business practices of the examinees and are designed to detect problems in marketing and advertising, policyholder service, underwriting, and claims handling. The bureau is also involved in the development of administrative rules and statutory language.

Among the major accomplishments in 1988 were:

- implemented a computerized policy form review and tracking system
- assisted in the implementation of a Milwaukee service office
- implemented an insurance complaint appeal process
- reviewed and improved the clerical handling of insurance complaints
- implemented an elderly initiative program
- revised the Medicare supplement insurance regulations in response to the Medicare Catastrophic Coverage Act of 1988
- participated in the monitoring of residual market mechanisms including the Wisconsin Worker's Compensation Insurance Pool, the Wisconsin Automobile Insurance Plan, and the Wisconsin Insurance Plan; the staff also participated on the Wisconsin Arson Insurance Council, the Commissioner's advisory councils, the Local Government Property Insurance Fund, and the Health Insurance Risk Sharing Plan
- implementation of a toll-free complaint phone number

Policy Form Submission

With the implementation of a new computerized policy form review and tracking system in 1988, substantially more information became available about the Bureau's policy form activity. The tables below summarize the policy form submission data for 1988. This information will not be comparable to last year's tables in that last year's tables were derived using a different basis than the current year's.

Table I shows the number of policy forms received by line of business for each type of insurance. Table II shows the number of policy forms received by type of filing for each type of insurance. Table III shows the number of policy forms approved during the year by line of business for each type of insurance.

Complaints

The tables below summarize complaint data for 1988. Table I also shows a comparison of complaint activity over the last five years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Complaints may initially be received either in person, by telephone, or in writing. To be considered a formal complaint which initiates an inquiry or investigation, a complaint should be in writing. The data which follow is based upon formal complaints.

In addition to the formal complaints, an increase of almost 15% over 1987, the bureau also handled in excess of 40,000 general inquiries or requests for information in 1988. Most such inquiries were by telephone, with the remainder being written communications and "walk-ins." The substantial increase in the number of complaints opened is attributed to a combination of public outreach and advertising activities by the Office, such as the toll-free complaints hotline, a broader distribution of complaint forms, and a better use of other state agencies to refer insurance problems to the Office as complaints. The substantial increase in the number of complaints closed is attributed to targeting, as a high priority, the timely investigation and review of open complaints.

Table II shows 1988 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations which generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

MEDICAL MALPRACTICE INSURANCE REPORTS

Section 601.427, Wisconsin Statutes

The second reports on Medical Malpractice Insurance required by s. 601.427, Wis. Stat., were received in 1988 and are summarized in the following table. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers which wrote less than \$300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next twelve lines are for the policy years shown by the column headings.

The information included in the final four lines under policy year 1986 about legal actions, verdicts, or judgments required by s. 601.427 (2) (j) through (m); Wis. Stat., is being reported for the first time. This information was eliminated from the reporting requirements for last year as being burdensome as this information was not part of any prior financial or statistical reporting requirements for insurers.

It should be noted that the data below are from individual insurer reports and has been accepted by this Office without audit. This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities and includes the experience of the Wisconsin Health Care Liability Insurance Plan. In addition, the data does not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns.

Due to the fact that some data are on a calendar year basis and some are on a policy year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing medical malpractice insurance or as to its profitability to the insurers writing this line of business over the past years. A comparison with the summary table for the previous year will prove fruitless due to the fact that companies generally have done a better job of data reporting in the most recent year.

It is only possible to conclude from these data that the average premium written per policy remained quite stable for the policy years between 1979 and 1983 before rising steadily in subsequent policy years. The pure loss ratio, which consists of the sum of claims paid, reserves for open claims and reserves for claims incurred but not reported divided by written premiums, varied considerably from year to year. The apparent rate relief initiated in 1984 seems to have introduced some stability to the pure loss ratio.

The individual classification reports by company from which the summary table was derived have been maintained in this Office.

PRODUCT LIABILITY INSURANCE REPORTS

Section 601.425, Wisconsin Statutes

The second reports on Product Liability Insurance required by s. 601.425, Wis. Stat., were received in 1988 and are summarized in the following table. All of the information is for product liability insurance written in Wisconsin by authorized insurers. Insurers which wrote less than \$50,000 annually in product liability insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next twelve lines are for the policy years shown by the column headings.

The information included in the final four lines under policy year 1986 about legal actions, verdicts, or judgments required by s. 601.425 (2) (j) through (m), Wis. Stat., is being reported for the first time. This information was eliminated from the reporting requirements for last year as being burdensome as this information was not part of any prior financial or statistical reporting requirements for insurers.

It should be noted that the data below are from individual insurer reports and has been accepted by this Office without audit. In addition, the data does not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns.

Due to the fact that some data are on a calendar-year basis and some are on a policy-year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing product liability insurance or as to its profitability to the insurers writing this line of business over the past years. A comparison with the summary table for the previous year will prove fruitless due to the fact that companies generally have done a better job of data reporting in the most recent year and more companies are included in the most recent year.

It is only possible to conclude from these data that the average premium written per policy declined in all but one of the policy years between 1979 and 1984. The pure loss ratio, which consists of the sum of claims paid, reserves for open claims and reserves for claims incurred but not reported divided by written premiums, more than doubled from 1979 to 1984. The apparent rate relief implemented in 1985 seems to have brought the pure loss ratio in line with the 1979 experience. Further rate relief is indicated for 1986 where further improvement in the pure loss ratio is witnessed by these data.

IV - DIVISION OF ADMINISTRATIVE SERVICES AND POLICY ANALYSIS

BUREAU OF STAFF SERVICES

The Bureau of Staff Services is responsible for general administrative functions of the agency, including budget and finance, word processing, data processing, the licensing of insurance agents, personnel, payroll, and internal record keeping and mail service.

Agent Licensing Section

In January 1988, all licensed agents were billed their biennial regulation fee. There were 55,259 resident and nonresident agents billed. The licenses of 11,118 agents were suspended on February 1 for failure to pay fees. The licenses of 6,837 of these agents were revoked on April 2.

During 1988, 11,883 candidates registered for the major examinations: life, accident and health, property and casualty. Of that number, 10,068 tested—6,859 candidates passed. For the limited lines examinations of auto, title, credit life/sickness, and town mutual noncasualty, 566 candidates registered, 493 tested, and 255 candidates passed.

As of December 31, 1988, there were 54,716 agents and 320,805 active agent listings.

Data Processing Section

In the past year, the data processing staff completed programming the on-line disapproval portion of the Policy Approval Tracking system. In addition, specialized management reports were programmed to meet the needs of the supervisory staff of the Bureau of Market Regulation.

Staff began programming a Financial Accounting system. This will assist in producing purchase orders, vouchers, payroll, and personnel reports. When completed, it will be a computerized link to the Department of Administration instead of the current manual system.

Enhancements were made to the integrated company database. Among them, a new Certificate of Authority system was written. The certificates, which are licenses to write insurance, are now automatically generated for new companies as well as companies which have changed names, NAIC numbers, or lines of authority.

A new zip code system was written to track possible redlining of automobile policies.

The data processing staff completed programming a rate database which will assist in monitoring rate filings submitted to the Office for approval.

Staff also completed a request for proposal to purchase a mini-computer. The mini-computer will be used for word processing and data processing applications. The software requested includes word processing, a relational database with query and report capability, and office automation tools including mail and calendaring.

Analysis has begun for an updated Consumer Complaint system as well as an updated Agent Licensing system. These new systems will allow on-line updates, inquiries, and historical tracking.

Data processing staff also assisted with the installation of additional personal computers.

BUREAU OF FUNDS

LOCAL GOVERNMENT PROPERTY INSURANCE FUND

The purpose of the Fund is to make reasonably priced property insurance available to tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. Coverage is available on an optional basis. As of July 1, 1988, the Fund insured 56 counties, 242 schools, 122 cities, 50 towns, 120 villages, and 40 miscellaneous entities (libraries, etc.). The total amount of insurance in force as of July 1, 1988, was \$12,484,762,308.

To promote equity of premiums among the Fund's insureds and prompt the proper reporting of values, the Fund has contracted the services of American Appraisal Associates. Beginning in 1988, the Fund provides a unique method of valuing buildings, contents, property in the open, and contractor's equipment. Insureds who choose to participate in the Valuation Project Service completed specifically designed forms from which values were generated. Through participation in the Valuation Project, participants will enjoy broader coverages. Beginning June 1989, insureds will have their Statement of Values prepared by the Fund, thereby saving a tedious and time-consuming task.

STATE LIFE INSURANCE FUND

The State Life Insurance Fund is a segregated fund located within the Office of the Commissioner of Insurance. The Fund offers a maximum of \$10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund is supervised by the commissioner.

Commencing April 1, 1986, the Fund developed a new plan series using the 1980 CSO mortality table. The Fund discontinued issuing the endowment plan and initiated a single premium life product which is very popular with state residents.

The Fund, which is self-funded through premiums and investment earnings, was audited by the Legislative Audit Bureau for the period January 1, 1986, through December 31, 1987, as required by s. 13.94, Wis. Stat. As of December 31, 1988, the Fund realized a net gain from operations, \$999,089 which increased the Fund's surplus to \$5.7 million.

Wisconsin is the only state in the nation that offers a low-cost life insurance program to residents. All policies issued are participating. Since residents pursue the insurance, the lapse rate on Fund policies is a low 1.099%. As of December 31, 1988, there were 29,410 policies in force.

PATIENTS COMPENSATION FUND

The Patients Compensation Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-person Board of Governors which consists of 3 insurance industry representatives; a person named by the Wisconsin Academy of Trial Lawyers; an attorney named by the State Bar Association; 2 persons named by the Wisconsin State Medical Society; a hospital representative named by the Wisconsin Hospital Association; the Commissioner of Insurance; and 4 public members appointed by the Governor. The Fund's administrative staff is provided by the Office of the Commissioner of Insurance.

The Fund operates on a fiscal year from July 1 through June 30. Administrative and operating costs as well as claims payments are funded through assessments paid by participating health care providers.

On June 30, 1988, there were 148 hospitals with 42 affiliated nursing homes, 6,799 physicians, and 333 nurse anesthetists participating in the Fund.

From July 1, 1975 through December 31, 1988, 2,102 claims had been filed in which the Fund was named. During the same period the Fund has paid 236 claims totaling \$104,904,725. Another 1,278 claims have been closed with no payment. Of the remaining claims as of December 31, 1988, 72 cases were reserved at \$29,401,394.

The Legislative Audit Bureau conducted an audit of the Patients Compensation Fund financial statements for the fiscal year ending June 30, 1987. The report evaluated the Office of the Commissioner of Insurance's progress in improving the Fund's financial operations and reviewed the status of the Fund deficit.

The report noted that the office was making good progress in correcting previously noted deficiencies in the Fund's financial reporting. The report also identified the Fund's increasing deficit as a continuing concern. The Fund's deficit represents a long-term shortage in the cash and investment balance that eventually will be needed to make the Fund's future payments.

The Fund deficit does not mean the Fund is unable to pay obligations currently due. There was a cash balance of \$100,710,000 on December 31, 1988. The deficit is a projection of the unfunded outstanding liabilities if the Fund ceased to collect further assessments.

The accompanying financial statements for the Fund for the fiscal year ending June 30, 1988, follow. These statements reflect that the Fund's deficit declined approximately 3% or \$3.6 million over the Fund's deficit as of June 30, 1987. The reduction in the projected deficit results primarily from a slight tempering of historical long-term frequency trends by the Fund's actuarial consultants based upon its subsequent analysis of claims experience from the Fund's inception through September 30, 1988.

HEALTH INSURANCE RISK SHARING PLAN

The Health Insurance Risk Sharing Plan (HIRSP), Chapter 313, Laws of 1979, became effective on January 1, 1981. The Plan provides major medical and Medicare supplement coverage for Wisconsin residents under age 65 who, for medical reasons, are unable to obtain health insurance coverage in the private market.

Rates for the Plan are required by statute not to exceed 150% of the standard individual rate for substantially similar coverage in the private market. During 1986, the Board determined that rates were in excess of that amount and voted to decrease rates for the major medical plan by 10%. This rate decrease took effect January 1, 1987, and rates have remained at that level.

Expenses of the Plan in excess of premiums are assessed against health insurers in proportion to the insurer's total premium or other charges on business written in this state on behalf of Wisconsin residents. In 1988, insurers were assessed \$1,900,000.

The Plan continues to experience dramatic growth in enrollment. On December 31, 1986, Plan population was 2,075. On the same date in 1987, there were 2,476 Plan participants. Total enrollment at the end of 1988 was 3,760.

The subsidy program, through which low-income policyholders are relieved of a portion of their premium and deductible, is also growing rapidly. At the end of 1987, there were 566 policyholders for whom the State paid a portion of their premium and deductible. In December, 1988, there were 879.

Much time and effort were spent on the cost containment initiative as required by s. 619.17 (4), Wis. Stat., enacted in 1987. The cost containment provisions of the administrative rule include hospital utilization review and catastrophic case management.

A study committee, including representatives of the Office of the Commissioner of Insurance, the HIRSP Board of Governors, and the Department of Industry, Labor and Human Relations, studied the issue of health care policies for disabled people and presented a report to the Legislature as required by earlier legislation.

OFFICE OF POLICY ANALYSIS

The Office of Policy Analysis is responsible for staffing advisory councils and ad hoc working groups or task forces, directing the public information program of the Commissioner's Office, and conducting special studies.

Major activities for 1988 included:

- Staffing the Life and Disability, Financial, and Property and Casualty Advisory Councils;
- Carrying out a Robert Wood Johnson Foundation grant relating to the uninsured;
- Consulting with the Department of Health and Social Services in the development of the State Health Insurance Plan;
- Conducting workshops throughout the State on Medicare supplement and long-term care insurance;
- Speaking to various groups on insurance issues; and
- Updating materials on Medicare supplement policies, nursing home insurance, and HMOs.
